## **PARENTS' CODE OF ETHICS**

Dear Parents:

At VJFL we strive to teach not only the skills necessary for your children to become better football players and cheerleaders but to also always show good sportsmanship and respect to their coaches, parents, teachers, game officials and fellow athletes whether they be on the same team or opposing teams. With that in mind we are requiring that all parents sign the attached Parents' Code of Ethics. Each parent must at all times demonstrate appropriate behavior. Please note that our bylaws contain provisions requiring adherence to this Code of Ethics and appropriate action will be taken against any member not upholding these standards at all times.

We ask that all parents demonstrate good sportsmanship by showing positive support for all players, coaches and officials at every game practice and event. These games are about providing children with an opportunity to learn the sports of football and cheerleading, not for the parent's personal desire to win. These games are for the children, not for the adults. This can be achieved by providing support for all coaches, officials, other parents and other children involved in these activities.

We ask that you let your children's coaches be their coaches and you be their parent. If you see something occurring on the field in a way that you disagree with, please address that with your child's coach in a private setting after waiting 24 hours (unless it involves a safety issue). We also ask that you do not approach your child's coach before, during or after a game (again, unless it involves a safety issue). The coach has an important job to do, coaching all of the players on their team/squad. If there is something that you do not agree with, or are disgruntled about, we ask that you wait 24 hours before you address the issue. This way the emotions can be taken out of the equation and the field is not a place for these discussions. The protocol for a player that wants to know why they are not playing as much as others or not playing enough at a position, etc is that the player must approach the coach first. This is a very critical learning experience for players on how to communicate not only with adults, but their Coaches throughout their career.

We further ask that all parents refrain from using drugs, alcohol and tobacco during any VJFL sponsored athletic event including games, practices, scrimmages and cheer competitions. And finally we ask that you volunteer in as many ways as you can. VJFL is a completely volunteer run organization and we have many individuals who volunteer hundreds of hours so that your child can enjoy the sports of football and cheerleading. Please do your part as well.

Thank you,

The VJFL Executive Board
